From the Principal

09 October, 2015

Hello Everyone,

Welcome back to our busy term 4. Students have settled back in this week with great attendance all week. Swimming commenced today. All students were very excited about going on the bus and their lesson. This term we will have after school computer access sessions, Swimming, School Soccer Program and Camp.

School Soccer Program

We have applied for and received a Sporty School's grant. This money will be used for students to participate in an 8 week school soccer program commencing next Thursday. All students will be involved. The program will be run from 1:00 – 2:00 pm. Permission forms will go out today. There is no cost for the program, but all permission forms need to be returned to the school before your child can be involved.

After School Sessions

Commencing Monday, the school is offering access to computers for our families who do not have internet access at home. Monday and Thursday afternoons from 3:00 – 4:00 pm, the library will be open and fully supervised. The target is for students to be able to participate in activities to boost their NAPLAN readiness. These sessions are not compulsory. Please return the attached permission slip on Monday if you would like your child to attend.

Assembly

With our extra activities, swimming, soccer and pre prep orientation program and end of year rehearsals commencing this term, we have decided to move assembly to Monday mornings. Our first Monday assembly will be in week four. All parents welcome.

Reading Eggs and Mathletics

The school has subscribed to Reading Eggs and Mathletics. These are two online programs that are aimed to boost both reading and mathematics capabilities. Students will be issued with usernames and passwords this week to access these programs. Both of these programs have an app where content can be downloaded and accessed offline. Please see me if you have any questions about these programs.
